

# First Anniversary of the Republic of the Philippines, "Laurel" Issue

## 7C(S) Error, Printed on both side and Double Transfer on the one side

This large block is considered as a printer's waste. 7 rows were confirmed and shifted print between fifth and sixth row from the bottom. It is recognized that there is narrow space between the panes and spacing of each stamps of pane by pane is uneven. Issued pane is composed of 50 subjects (10 columns x 5 rows).

Double Transfer

Copy of reverse side (70%)
