10-CUARTOS

**Largest Recorded Multiple**

Gooding #11F1. Color a rather dirty dull looking lilac-rose. All lettering and the circles in the lower corners much too small. There are only two of the vertical ornaments at each corner, left and right, instead of two and a half. An old but not dangerous forgery. Known unused or cancelled.

Gooding #11F3. A rather crude forgery. The second 'O' in 'CORROES' is very rounded. The 'F' in 'FRANCO' is lower than the other letters. The circle in the bottom left corner is broken on the left side. Known with bogus Baeza circular date cancellation.
