**PRINTING FLAWS**

Various Printing Flaws exist on all values of the 1864 issues. These comprise broken numerals and letters, damaged frame lines, over-inking, and other minor flaws. The most sought after flaws appear as a missing period under the 'o' of 'Po', under the 'e' of 'Fe' or under both. Some stamps show minor remnants of the period, however all copies in this collection are examples where the period is completely missing.

**NO PERIOD UNDER 'O' OF 'PO' VARIETY**
