All mail address to Ignacio Garreta, engineer on the Spanish ship Jorge Juan

A joint French-Spanish Expeditionary Forces, which include two Spanish naval ships, JORGE JUAN and ELCANO, with Spanish and Pilipino soldiers, proceeded to Cochin China in 1858. At the time, France was attempting to expand its empire in the Far-East. The two ships made regular mail and supply runs between Cochin China and Manila and Cavite (the Spanish naval shipyard) between 1858 and 1862.
