

JANUARY 1, 1864

3-1/8 CENTIMOS DE PESO FUERTE

Gooding #21F7. The horizontal lines in the first 'R' in 'CORROES' are broken. The bottom line in the value tablet is broken below the '8' and 'P' of 'Po'. The lines around the stars in each corner are almost omitted and appear as a shaded area. The 'e' in 'Fe' is crude and resembles a 'c'. Exists on dark paper, almost black when viewed from the reverse.

Gooding #21F9. A crude forgery and easily detectable forgery on white paper. Letters of 'CORREOS' are thicker than the original. There is a long solid vertical line from the eyebrow to the nose, instead of small thin horizontal lines. The lettering in the value tablet is all Sans-Serif.

ONLY RECORDED COPY
