Mil. Sta. San Fernando
15 July 1899
29 August 1899

Unrecorded in the literature, there are two distinct types of the single ring rubber cds for this office. One states "Phil. Isl'ds." and the other "Phil. Islands." The reason for this is unknown, and the dates of usage are overlapping, with the overall period recorded extending from 15 July 1899 (above) to 18 July 1900.
