

### RECIBOS

This stamp was intended to be used for fee payment on revenue paper. However, as with all the stamps of this period, usage was interchangeable. As postage, the 10c stamp was used to pay the Certified rate (2c interior single weight rate plus 8c registered mail fee). Printed by Lithographica de Gomez in Santa Cruz, Manila in sheets of 153 stamps, (9 rows of 17 stamps each), and exist in shades of red-brown. No records are available to indicate the actual number of stamps printed.
